To Whom it May Concern,

I am writing to recommend Eduardo Fuentes for employment.

I have known Eddie since he began working at CommScope as a QA Engineer. I was the Program Manager on projects that Eddie was assigned to as the QA testing resource. I have always known Eddie to be hard-working, reliable, and professional. He has the technical ability to learn new technologies.

Based on our experience together, I can confidently recommend Eddie for future employment with your company.

Sincerely,
Elizabeth Dawson
Program Manager - CommScope
